

QR Code Scanner SUZQR-R66

Applications

- Supermarket cashiers
- self-service vending machines
- Metro-ticket machines, payment POS
- Parking system/Retail/Access control

Features

- Quick identification screen / paper one-dimensional code, two-dimensional code
- Better at mobile phone screen payment
- Non-slip and fall resistance design
- Embedded body design
- Easy to personalize settings
- Compatible with multiple systems

Spec.

Scan Element Type:	CMOS	Colour Depth:	32 Bit
Interface Type:	USB 2.0	Max Paper Size:	A4
Optical Resolution:	640 x480 CMOS.	Scan Speed:	≥5mil
Color:	Black/White	light source:	750 x 480 CMOS
reading density:	≥5 mil	size:	67.5 x 78.8 x 53.5mm
weight:	170g	code identification:	1D/2D
reading media:	paper/ screen	IP Level:	IP52; 1.2m fall test
certification:	FCC ,CE
