# QR Code Scanner   SUZQR-R67

## Applications

Supermarket cashiers

self-service vending machines

Metro-ticket machines, payment POS

Parking system/Retail/Access control

## Features

- Quick identification screen / paper one-dimensional code, two-dimensional code
- Better at mobile phone screen payment
- Non-slip and fall resistance design
- Embedded body design
- Easy to personalize settings
- Compatible with multiple systems

## Spec.

| Scan Element Type: | CMOS | Colour Depth: | 32 Bit |
|---|---|---|---|
| Interface Type: | USB, COM, PS/2 | Max Paper Size: | A4 |
| Optical Resolution: | 752*480 CMOS | Scan Speed: | ≥5mil |
| Color: | Black | light source: | 750 x 480 CMOS |
| reading density: | ≥5 mil | size: | 27.5 x 35.4 x 12.3mm |
| weight: | 6.5g | code identification: | 1D/2D |
| reading media: | paper/ screen | IP Level: | IP52; 1.2m fall test |
| certification: | FCC ,CE | | |
